News

Please remember the school day ends at 3.15pm.
After school clubs finish at 4.15pm.
Year 6 Maths Booster finishes at 4.30pm.

Can we please remind you that your children do not need to be bringing large bags to school. All items brought into school need to be stored in the lockers provided and they are not big enough for large bags - your children do not need to bring items to school that require a full sized backpack.

Please ensure all items are named - we get a lot of parents asking for lost property but often these are not named. We have some children who have lost coats, please check at home that your child has not accidentally picked up the wrong coat or an item of clothing that does not belong to them. If this is the case, please return the items to school.

Attendance

Whole School - 95% **Highest Class - Ruby with 98.6%** **Children with 100% This Week - 391**
This week has been amazing for attendance - well done everyone let's keep it up!

This month our children in Reception who achieve over 93% attendance will be rewarded with a party games afternoon! Let's make sure we're all Here Everyday Ready and On time!

This year, as advised by DMBC Attendance & Pupil Welfare Service, we will be sending statutory attendance letters sooner than we have before. Our first letter will be sent for any child at 95% attendance or below; from there, parents/carers should expect to receive further phone calls, letters or meeting requests if their child's attendance does not improve. We will be reviewing every child's attendance every 2 - 3 weeks.

Our Attendance Officer, Miss Allison, is always on hand to speak to should you have any queries or concerns.

Dogs on Home Visits

Please can we ask that when we're carrying out home visits, all dogs are kept securely away throughout the duration of the visit. This is to ensure that both the staff and dogs feel comfortable and safe.

Ready

Be ready for school, be on time and dressed appropriately with the items you need for the day.

Respectful

Listen to others, use appropriate language, look after the building and objects within. Keep hands and feet to yourself.

Safe

Follow the rules for health and safety for yourself and others. Be in the right place at the right time.

Safeguarding - Online Safety

Railway Safety

Too many accidents are happening on the railway lines because children are unaware of the dangers they pose. Please watch the video and use it to discuss with your child. Click on the photo.

Online Safety Concerns

We can do lots to keep our children safe online but there may still be times when we see something that concerns us. Please click on the photo link for information on what to do if there is something online that concerns you.

WhatsApp

WhatsApp is the most widely used messaging platform on the planet, with over two billion users (forecast to become three billion by 2025), across more than 180 countries. The majority of those people (70%) open the app at least once a day – but what exactly are they seeing? Contact from strangers, fake news and convincing scams are all among the service's well-documented hazards.

According to Ofcom, WhatsApp is used by more than half of 3- to 17-year-olds in the UK (including one in three from the 8–11 bracket), despite its 16+ age restriction. If your child hops onto WhatsApp to stay in touch with friends or family, the updated #WakeUpWednesday guide to the service contains the key details you'll need to support them in doing it safely.
